June, 1979

## OUR TOWN

### Memorial Day Parade

Once again Monterey's Memorial Day Parade went off like clockwork. It made its way like a shot down Route 23, and the Mt. Everett Marching Band played "As the Caissons Go Rolling Along." Something scared the devil out of the Makuc's cow, but, otherwise, onlookers happily lined the road and adorned the church steps like always. In addition to the Band, which in the steamy day seemed at times to resolve into nothing more than pulsing sound and pumping gold spats, the processions consisted of an assortment of Veterans in representative uniform, two out of three selectmen escorting three wreath bearers, Natasha Grotz, Brooke Loder, and William Theriot, the Brownies, the Girl Scouts, the Boy Scouts, the Little League, the Fire Department, two firetrucks and a small gaggle of equestrians, among them Anna Thorne and her horse, a raven haired Heath offspring on a pony the color of black shoe polish, and the Burkholder Brothers, whose horses wore flower straw hats. Wreaths were laid at memorial sites, flags were raised at the Library and in Greene Park, Three volleys were fired and the Band played "Taps" and "the Star Spangled Banner". The smell of hot dogs and mustard filled the air, a few drops of rain fell, and the solstice notwithstanding, summer officially began in Monterey.

### Fire Company Picnic

Tickets are now available for the annual Fire Company Picnic. Tickets will be on sale at the Monterey General Store, and every Wednesday evening, at the Fire Station. They will all be sold by the 4th of July, so make your plans early. The picnic is planned for July 28 from 4 - 7 PM in Greene Park. Dinner consists of steak, potatoe, salad, corn on the cob and rolls. Hamburgers, hot dogs and drinks will be on sale all day beginning at 10 AM. In the evening there will be live entertainment and dancing until 11 PM.

### Basketball Court in Greene Park

A group of Monterey young people, among them Ted Clark, Rudi Keiler, Artie Hebert, Warren Thompson, three Jervis's, and Hannah Pederson, appeared at the Selectmen's meeting of May 7 to protest the delay on work on the fabled basketball court in Greene Park. Coincidentally Park Commissioners Maryellen Brown, Joel Schick and Anne Vickerman had shortly before that time surveyed the park with Ray Tryon and Rick Mielke and had ascertained that the entire court should be relocated. Here is the new plan, according to Joel Schick: the entire driveway giving access to Greene Park from Route 23 is to be repaved. Theeswell at the end of this driveway will be enlarged to basketball court size (60' by 36'). The basketball standards now in place at the old, unfinished site will be moved to the new site which, relative to the old site, is said to have better drainage and better protection from line drives out of the adjacent baseball field. Asphalt for the job will be provided by the Town which will be reimbursed out of the \$2000 Parks Commission budget. The Grange, on whose property the court will be, is expected to give approval to the project at its next meeting. The site will be prepared subsequent to Grange and Board of Selectman approval, and asphaltting will be done concurrently with the next scheduled road repairs in town.

### Free Swimming Lessons

Free swimming lessons will be offered at the Town Beach to children (age 5 and up) of Monterey residents from July 9 to July 20 from 1 to 3 in the afternoon on weekdays. During these hours the beach will be closed to the public. Registration forms will be available for these lessons at the General Store and the Post Office. The swimming piers have been installed at the beach and lifeguard hours are 1 to 5 daily and 10 to 5 on weekends. Wendy Shaw will be the life guard this summer.

### Social Security Services

A new service to the residents of Monterey will begin on Monday July 23. A social security representative will be at the Church social room from 10 AM to 2 PM on that day to answer any questions you may have about your social security insurance program. Gayle Morelle, a field representative, will be pleased to help you at any time during her visit here.

## CATHOLIC CHURCH

Masses Schedule: Our lady of the Valley, Sheffield, Saturday 5:30 p.m. Sunday 7:30 a.m., 9:00 a.m., 10:00 a.m.

## UNITED CHURCH OF CHRIST

Notes Morning worship each Sunday 10:30 a.m. . . . .  
Kindergarten class Sundays 10:30. . . . .

Liturgy At a recent meeting of the Parish Council  
Committee Dr. Brallier requested the establishment of a  
Appointed liturgy committee to work with him in keeping  
the worship of the Church under continuing  
review. The view was expressed that such a study should  
aim toward ways of securing a more meaningful level of  
personal and congregational involvement in all parts of the  
worship. Movements already made in this direction were noted

and recognized as generally beneficial. Those named to the committee are the Rev. Raymond Ward, Hadley Simons, Roseanne Marie and Judith Hayes.

Guest Organist During the last two weeks of June Francis Kern is serving as guest organist. She served the Church several years ago in the summer. In July and several Sundays in August our guest organist will be Dr. John Newell. He served the Church for nearly a year while he was completing work on a Ph.D degree. We are pleased to welcome back both of these musicians this summer. Beginning in the middle of August Mary Sandback will resume playing.

## COMMUNITY DINNER

A June community dinner has been set for Wednesday, June 27 at 6:30 p.m. in the Church social room. It will be a covered-dish dinner. Those attending are asked to bring a main dish, salad or dessert.

The program will consist of a person from Construct explaining the program of this Southern Berkshire organization that has done such creative working in the field of low-cost housing.

## STRESS: Making It Your Friend, Not Your Enemy

The Counseling and Human Potential Center, directed by Dr. Virgil Brallier, Will be presenting a community seminar on Friday, June 29, 8 p.m. at the Center's offices located in the First Congregational Church in Great Barrington.

The June subject, "Stress: Making It Your Friend, Not Your Enemy" recognizes stress as a natural part of human functioning which can also cripple our effectiveness and damage our health. There will be an exploration of several techniques for turning our tendency toward stress into constructive directions.

All who are interested in participating in this seminar are asked to call 528-9637 in order to insure that adequate room will be provided for those wishing to attend. It is without cost.

Future seminars listed are as follows: On Tuesday, July 24, at 8 p.m. Jane Schmitt, D. tiell, R.N., M.A. will present "MS.- How much of Yourself do You Really Own"? The August seminar is on Friday, August 17 at 8 p.m. is entitled, "The Revolution in Human Consciousness". It will be presented by Dr. Brallier.

## WORKSHOP on "Getting To Know Yourself"

Virgil Brallier, Ph D. has announced a program at the Counseling and Human Potential Center that will be on Saturday, July 28 from 8 a.m. to 5 p.m. entitled, "Getting to know Yourself." It is based upon a very successful national program known as The Personal Profile System, Which enables a person out of the day's exercises to develop a picture of how he/she functions in various situations and in contact with differing types of personalities. The purpose of the program is to assist each person, by drawing up one's own personal profile, to become more effective in work and relationships. One of the notable results frequently reported by those who have participated in developing their personal profile is that they find themselves making more constructive use of conflict situations.

Information about attending appears elsewhere in this issue.

## TWO NOTES BY THE MANAGING EDITOR

Editor in Hospital: As this issue of the Monterey News goes to print, our editor, Patricia Howard is in Fairview Hospital recovering from surgery. She is now steadily improving. This issue was "herded through the gate" by assistant editor, Ellen Pearson and David Raney. Thanks for all who stepped into the breach. VVB

The Southern Berkshire Chapter of Hadassah is having Price Chopper "Fund Days" on Tuesday July 10 and Tuesday, August 28. Any purchases you make on those days, if you have one of their coupons, nets the organization 5% of the purchase price. For coupons call Mrs. Adeline Tobias, 229-8435. She will mail to you. "Why don't we join in and help our friends on this event. Call for a coupon, better yet ask for two, one for each date -- or even better than that, ask for extra coupons for one or more of your friends and tell them of this event and of the help they can give." VVB  
P.S. Coupons valid only in the Great Barrington store.

## NUDGES WITHIN THE HEART

What direction is the world tending? If you want to know listen carefully to what people are saying. Hear the things of which they are becoming conscious. Let me give some examples.

A few weeks ago a woman made an observation. She saw a person drive by in a large car all alone. She began to notice how many people were going by in their cars - all alone. Then she began to wonder, suppose there weren't gasoline enough and these people simply had to ride several in a car. She thought back to that first person she saw. He looked so alone. Maybe he really needs someone else. Suppose he had to make that ride with at least one other person. How he might be enriched, made more human. Maybe closer contact with another person would make him more alive, even more happy!

A second happening. In this issue of the MONTEREY NEWS there is a letter from a person who made a somewhat similar observation. This observation comes closer home. She saw neighbors she recognized going to the same place at just about the same time. Each of them riding alone. Why aren't we doing something about this? Why do we mindlessly go on driving several automobiles when with a bit of care and planning we could reduce the energy used? She wonders if we really want to go on this way, or might it be both a better use of resource and more fun if we organized ourselves so that we weren't each assuming we had to care for our transportation all by ourselves.

A third happening. This too is reported elsewhere in this issue of the MONTEREY NEWS. A small group of persons has constituted itself as the MONTEREY FESTIVAL OF THE EARTH COMMITTEE. What is behind it? It is largely a convergence of consciousness. They were thinking similar thoughts yet each one alone. Once they began to "touch" some others they found they really were not alone at all. So why not begin to pool our thinking and concerns we have? And so it came about that there is to be an I LOVE MONTEREY DAY on Saturday, August 18. You will sense that behind the whole movement is a desire that we should more fully appreciate and celebrate our good earth. One practical way to start caring about the whole earth is to begin with Monterey.

So, you may say, what does this have to do with the direction the world is tending? These are but a few straws in the wind. Yes, and in the world there are many straws and some very powerful winds. Indeed, you could say, these straws are so small, so very insignificant, compared to the steamroller effect of many other forces in the wind. Let us not be too quick to underrate these small nudgings within the heart. World movements begin, first of all, by faint flutterings in someone's mind. If it is a fluttering, a nudge, whose time has come it begins to gather force, begins to be shared, begins to align allies, begins to crop up in one place after another. Behold what began as a hint, a feeling, an impulse in time may become a movement that changes the human landscape.

Let us ask again, what direction is the world tending? The truth of it is there are billions and billions of dollars that say we are caught in the irrevocable grip of mindless giant governments, and mindless giant corporations. The feeling of many persons is that we are trapped within massive impersonal structures and the life is being squeezed out of us by them. If we count the percentage of financial control that lies in the giant structures in our society then our situation is hopeless and there is nothing left for us but to let the life be ground from us by them.

What direction is the world tending? Well I'm beginning to put more of my money on these faint nudgings within the heart. Let us give a bit more attention to these hints of direction that are beginning to be heard in people's hearts. In spite of these great forces that seem to override us again and again, there are two levels of nudgings that are beginning to occur with increasing frequency. We should hear them carefully.

The first is a vague and largely unformed sense that we need to form face to face communities in which we learn how to act together for our own good. More pooling of our transportation resources could be a tiny tip of a movement that might finally lead us to examine almost everything we do, asking if a community of people dealing in a face to face manner might not be able to significantly improve the style of our lives. My hunch is the world is getting ready to move in this direction.

A second nudging to notice is a new emergence of individual responsibility and resourcefulness. This is not a new human trait by any means. It keeps cropping up in various ways in the long human story. Yet there is evidence of it coming up in new forms, especially in the face of an increasing inability of massive, impersonal structures to meet so many human needs.

Will you allow me to dream a bit? What do you think our world might look like if these two nudgings gather force and begin to work in combination with each other? Do you see a way in which out of your longing you can make a single step toward a more face to face community, and could you feel your own responsibility and resourcefulness developing in this context?

Virgil V. Brallier, Minister  
Monterey United Church of Christ

On Saturday, June 2, Chester (Chet) Olson and Leigh Griggs of North Adams were married at St. John's Episcopal Church in North Adams. Chet had been on the staff at Gould Farm for a year.

Jennie Patton, a native of New York City, joined the staff recently for the summer. She heard of Gould Farm while working at Spring Lake Ranch in Cuttingsville, Vermont, last summer. While there, she was a work leader and house parent. Jennie has completed two years at Smith College. She will enter The University of California at Vera Cruz, in the fall. When she graduates from college, she hopes to travel in Europe for a year, visiting psychiatric facilities and half-way houses there.

Skip Winchell who worked at The Farm last summer is joining the staff at Farrington House in Lincoln, Massachusetts, as a part time worker for this summer. In the fall he will return to Andover-Newton Theological School for his third and final year.

On the evening of May 29, the Stockbridge Chamber Orchestra, led by Leonard Mar us, gave a concert at the Farm.. This was their second appearance here as they had played for us two years ago. The program began with the Third Suite of J.S. Bach and concluded with several movements of Handel's Water Music. We all thank Mary Anne Carter, who arranged for this fine entertainment.

A Lutheran Youth Work Group came May 11, with our old friend, The Reverend Richard Lindgren to spend the night on the hill in the Youth Lodge. There were seventeen young people, six from the Redeemer Lutheran Church in Woburn, Mass., where Pastor Lindgren now officiates, and eleven from Our Saviour's Church in Fairfield, Conn., where he used to be. We gladly welcomed old friends and new. Some could stay only one night, others two. They found time to saw wood for the 1980 maple sugar project and to take part generously, as always, in Farm activities.

#### MONTEREY GRANGE # 291

On May 16, the Monterey Grange #291 observed Youth Night with Richard Hardesty acting as Master and Patricia Hardesty as Youth Chairman- area Youth filled the stations and furnished an enjoyable program. Guests were present from Sandisfield, Dec, Umpachene, West Stockbridge and Falls village. On June 7, Member met at the Grange Hall to go on a Mystery Ride. The first Pancake Breakfast was held on May 27.

Mary Wallace

Lecturer

(OUR TOWN continued from page 1.)

#### New Nursery School

A new Nursery School with two certified elementary teachers will be opening in September at the Mill River School. The program will be offered three mornings a week (Tuesday, Wednesday, and Thursday) from 9 - 11:30. All interested parents of 3 and 4 year olds should call either Claudette Callaghan (228-7771) or Nancy Loder (528-9285).

#### Police Training Course

Police Chief Doug Lyman and Policeman Jim Christie have been attending compulsory courses offered by the Massachusetts Criminal Justice Training Council on powers of arrest and duties of policemen. The two men recently took an exam marking the halfway point in the course, and both made a score in the upper 80's. The results of another exam on Criminal Law aren't in yet. In September the men will begin the second half of the course which will include a study of burglary, arson and related crimes in addition to the rights of citizens under the constitution. It is required by the laws of Massachusetts that all policemen in the state must pass these courses.

FESTIVAL OF THE ARTS  
MONTEREY SUMMER CONCERTS

The second of the Monterey summer Concert series will begin on July 12 and continue through August 16. The concerts will be presented in the Sanctuary of the United Church of Christ. This year the concerts promise to be even more exciting than last year. John Newell, Ph. D. who conceived the idea and who gathered the musicians has had time to assemble a brilliant array of musicians. The concerts are as follows: July 12, Classical Guitar, Phillip de Fremery; July 19, Soprano, Judy Reichert and John Newell; July 26 Quartet: Sherm Guibbony, Violin; Armand Ambrosini, Clarinet Eugene Friesen, Cello; Cameron Grant, Piano; August 2, Nils Vigeland, Piano; August 9, Robert Stallman, Flute and Susan Allen, Harp; August 16 negotiations continuing. Plans are to make this more in the nature of a popular concert. The weekend following the last concert will be an All Monterey Weekend and will include a number of events for gathering the townspeople. Included in this weekend will be the "I LOVE MONTEREY DAY," on Saturday and the Ecumenical worship on Sunday.

Other art forms will be displayed in the Social Room of the Church. Crafts and photography will be featured following the concert on July 19 and continuing on display until July 22. Painting and sculpture will be the exhibit to open following the August 2 concert and will continue on display through August 5. Those wishing to enter the Painting and Sculpture Exhibit should contact Pat Andrus - (528-2044). Those who would like to exhibit crafts or photography should contact Sharon Steinberg, 528-4115. Those who would like to contribute material for the "I LOVE MONTEREY DAY" which will be on display August 17 - 19 should write to the Monterey Festival of the Earth Day, P.O. Box 152, Monterey.

The Monterey Summer Concert Committee is committed to no increase of price from last years cost. A series of six tickets will cost \$12.00. Single tickets to each concert will be \$2.50. It is expected that the increased cost to the musicians will be paid by a larger attendance.

One of the keys that made the Monterey Arts Festival able to finance itself successfully and that we believe will help the Monterey Summer Concerts do the same is the plan of sponsors, who are able and willing to do a little extra to underwrite the cause. Sponsors are those who are willing to give that extra boost to stand behind the enterprise from its beginning and to give that extra bit of margin within which a planning committee can work. If you can be a sponsor you will help in the early work of getting things together. The cost for being a sponsor is \$20.00 or more, and of course a set of season tickets come with being a sponsor. The names of sponsors will be published on the programs.

Below is a coupon. Your early participation either in buying a season ticket or in becoming a sponsor will indeed start an early flow of music. The committee planning the event will be making music in their hearts even before these wonderful concerts are heard in Monterey this summer.

## I LOVE MONTEREY DAY

A special day to celebrate our life together in Monterey is being planned for Saturday, August 18. A committee has been constituted to draw together ideas from the townspeople for the event which has been designated as "I LOVE MONTEREY DAY". Readers of the Monterey News are asked to send their suggestions for the celebration to the Monterey Festival of the Earth Committee, P.O. Box 152, Monterey, Ma., 01245. Let your imagination go and think of ways that the people of our town can celebrate the various facets of our life in Monterey.

Some of the events planned for the festival are as follows;

THE EFFECT OF THE NUCLEAR AGE ON OUR COMMUNITY

MONTEREY AND ALTERNATIVE ENERGY - WHAT WILL WE DO?

SPEAKERS CORNER - A stage open to anyone who wishes to address the community.

FARMERS MARKET - The Monterey Food Co-op, along with local growers selling home grown produce.

THEATRICAL PERFORMANCE - Produced and written by a local puppet company.

HOMEMADE BAKED GOODS FROM LOCAL KITCHENS

COMMUNITY PICNIC - Winding up the day of festivities with a celebration of food, song, and dance.

CONTRA DANCE - The music will be provided by local talent.

The committee has also announced that it is inviting townspeople to submit material on the subject, "Why I Love Monterey." You choose your own medium of expression. Suggestions are: Stories, essays, poems, paintings, sculpture, music, photography - or - What medium did we forget? Submit your contributions to the Monterey Festival of the Earth Committee, Box 152 Monterey. Some of the materials will be displayed for the weekend. Plans are being made for a special issue of the Monterey News to highlight the I LOVE MONTEREY theme.

+++++

FESTIVAL OF THE ARTS COUPON  
(GUESTS ONLY)

### Great Barrington Camera Club

The Camera Club concluded its meetings for this year with a roast beef dinner at the Egremont Country Club on May 9. The club will resume its meetings once again in the early fall.

### BOY SCOUTS

Cub Scouts - The Cub Scouts have concluded their program for this year also. The last meeting involved the pack 51 Physical Fitness Championships. In the eight year old Group, Christopher Makuc placed first, Jimmy Decker was second and Eddie Harvey came in third. In the nine year old group, Douglas Brown finished first, Christopher

Johnson was second, and Mark Seavey placed third. Douglas Brown and Christopher Makuc attended the Great Trails Physical Fitness Championships on June 24 at the Chesterfield Scout Reservation representing Pack 51.

On May 31, the scouts held an award and Game Night out at Beartown State Forest in which the awards for the year were distributed. The second graders were also invited to this outing in order to become acquainted with the Cub Scouts and their procedures. At the meeting, several patches and badges were awarded. The recipients were; John Blanchard, 1 gold and 3 silver; James Decker, 1 gold and 1 silver, Douglas Brown, 1 gold and 1 silver; Christopher Makuc, 1 gold and 1 silver; Edward Harvey, 1 gold and 1 silver; and Burton Burkholder, 1 gold and 1 silver.

The Cub Scouts will once again begin in the fall and this year there will be two different packs. One will be for the Bear Scouts and the other for the Wolf Scouts.

Webelos - The Webelos also finished their year this month. Shawn Smith and Kirven Blount both received their Webelos badges and patches and several other activity pins. This is also the last year for their leader Irene Smith, who has faithfully served the Webelos for several years.

### GIRL SCOUTS

Brownies - On May 17, troop #237 entertained the Brownies who will be entering the troop in the fall. They showed them a flag ceremony and then Nancy Bynack and Jeanna Blanchard read them the story of the first "Brownies". The meeting ended with refreshments for all the girls and their mothers. At the next meeting, the girls worked very hard setting up the church basement for the Court of Awards covered dish supper to be held that evening. The dinner began at 6 p.m. and each Brownie and her family was present. The Junior Girl Scout Troop also came with their families. After Dinner, The Girl Scouts, Monika Pizzicami, Katy Bradley, Kellie Van Deusen, and Maureen Litchfield entertained the gathering with their flutes and clarinets. Both troops joined together for the flag ceremony and the Brownies had a candle light recitation of the Girls Scout Laws. Then the Brownies; Tammy Amstead, Meghan Bradley, Jenny Brown, Nancy Bynack, Jeanna Blanchard, Natasha Grotz, Amber Hall, Shelby Loder, Anne Marie Makuc, Nellie Pixley, Jessica Thorn, and Lee Williams all received their one year membership stars, World Association pins and Brownie B patches. The finale was the "Flying up Ceremony" for Nancy and Jeanna. These girls received their Brownie Wings and their Bridge to Junior patches before "crossing the bridge" to the Girls Scouts. The evening was a huge success and it was a perfect ending for the Brownies year.

Juniors and Cadettes - The Juniors also finished their year at the covered dish supper with the Brownies. There, they received awards and participated in the ceremonies.

### YOUTH GROUP

The Youth Group has now begun their summer schedule for this year. Instead of meeting every Sunday evening, they will meet on occasion. This summer's program will be more concerned with special events. Some of the events planned for the summer are; A trip to Riverside Park in late June, a retreat to Warner Farm in Cummington, Massachusetts on July 22 and 23, and they are planning, with Mrs. Makuc, the showing of several full length films open to the community.

Also during the month, the election of officers took place. The results were: Sheri Burkholder, President, Donald Whitbeck, Vice president, Hannah Pederson, Secretary, Todd Clark, Treasurer, and Connie Amstead and Linda Hayes, Communication Secretaries.

A special note: The Monterey Youth Group helps to put together and circulate the Monterey News every month.

### LITTLE LEAGUE

The Monterey Yankees are once again out on the field under the direction of team coach Leroy Thorpe. This year the club will play fifteen games. As of June 14, their record was 2 wins and 4 losses. This year's team is: Glenn Amstead, Keith Amstead, Randy Burkholder, Bobby Steavens, David Smith, Jeff Gauthier, Ralph LaRosa, Mark Candee, Mike Steven, Doug Brown, John Blanchard, Steven Brucala, Steven Phillips, and Emil Dorizzi.

To The Editor

We have all become aware in the past few months that a gas shortage is upon us. This shortage is forcing prices upward at a rate thats downright frightening, and with tourist season here often we can't buy gas at any price.

Living in the center of town as I do, I often see friends and neighbors traveling to Great Barrington and back. Most often the dars are filled with only one, or at most two passengers, and the vehicles are shuttling back and forth at approximately the same time. There are very defninite traffic patterns, even in Monterey.

I am one of those who drives alone to Great Barrington five days a week. My work hours are somewhat erratic, yet I can no longer use that excuse. My driving habits are both "fuelish" and expensive. I'm sure there are others in the community who are also interested in conserving our gasoline resources. I'm also certain that we can begin to achieve this goal through the formation of carpools. We who live in Monterey are fortunate to have a strong sense of community. Since there is already concern and caring among us, how much effort and organization would it take to start forming carpools? Yes, it's true we would all be inconvenienced to some degree. But I think the reward in both dollars and friendship would outweigh the negative aspects..

#### ACKNOWLEDGMENTS

Debbie Reed

This month we are deeply indebted to the following persons for their contributions: Rosemary Farrar, Roland and Lillie Barnett, and Ruth Champigny
